## History

Since 1987, the Call Processing Professionals have been providing quality telecommunication products and services. Over the years, we have added related products that complement and support our customers' needs, including:

- Telephone Systems
- Music-on-Hold Systems
- Video Surveillance Systems
- AT&T Wireless

## Ease of Use

Basic functionality is important to us, which is why we carry world-class, intuitive, and user-friendly products with the best reliability.

We provide turnkey solutions in which we do all the leg-work, configuration, and user/administrative training.

## Video Surveillance

Video Surveillance Solutions help you monitor & protect your home and office. We have wired and wireless systems with NVR and/or cloud storage with remote alerts/viewing from a pc, MAC, and/or smartphone.

## Our Satisfied Customers

Our clientele includes all types of businesses, organizations, & enterprises, including hospitals, car dealers, law firms, schools, and government.

### Voicemail Systems

In 1987, we began as a voicemail business. We sell, install, upgrade, and service Panasonic voicemail systems with a focus on security on KX-TDA50/200s.

### Music / Message On Hold

Our award-winning recording specialists work with you to develop customized recordings that keep your callers listening and thereby they stay on-hold. We can promote special offers, inform about the value of your products & services, and entertain with interesting facts and history.

## AT&T Wireless

We partner with Pinnacle Mobile out of their Mt. Pleasant Location to provide AT&T Wireless service and equipment, including iPhones, iPads, Apple Watch, Samsung and other Android smart phones, tablets, wearables, and hotspots.

## Cloud/Hosted Phone Service

We provide a fully turnkey cloud or hosted phone service from Nextiva, GoTo, Intermedia, and OnSIP which includes system configuration, implementation, and on-sit user and admin training with full VoIP phone setup & testing.

## Service

Our experienced, fully-certified technicians are available 24/7/365.

## Voice and Data Wiring

Our experienced, fully certified technicians install and certify Voice & Data wiring for businesses & homes.

We repair and trouble-shoot wiring issues too.

## Service Agreements

We provide maintenance contracts from basic time and material coverage to business hours, parts, and labor, or 24/7 availability. Even if you didn't purchase your Panasonic telephone system from us, we will still service it for you.
